Objective

Obtain a position that allows me to apply my 10+ years of production / post-production experience and skillsets toward producing professional quality digital media content.

Experience

Colliers International

2/2017 – Present

Digital Media Specialist / Video Producer / Drone Cinematographer

- Travel to property locations to capture visual media; to be used in producing promotional/marketing videos and other materials.
- I am responsible for photographing and filming each property in elegant and appealing ways. As a videographer and drone operator, I can capture aerial and land views.
- The majority of my time and focus is spent on post-production/editing (my specialty). I process, edit, and produce content with high quality visual effects and animated graphics that support complex ideas and concepts that we intend to promote.
- Work closely with the Marketing Director to implement and maintain a high standard of design, adhering to national corporate brand standards for all company materials.
- Advise and produce property and corporate videos, including property tours and onsite client testimonials to be featured on websites and social media.
- Collaborate with multiple teams to complete targeted marketing initiatives.

FilmTribe Entertainment

10/2016 – 2/2017

Post-Production / VFX Supervisor

- Advise on an overall picture of what can be realistically achieved per project. Works directly with Editor(s) and Producer(s) and sometimes the Director about the hiring of post production staff (Sound Editors, Titles Designers, Mixers, etc).
- Work directly with the Editor, Supervising Sound Editor, and Re-Recording Sound Mixer throughout post production. Stay to work on productions until all of the elements needed for the completion of the film are delivered. This includes the music and effects version which allows the dialogue track to be replaced with different languages.
- Involved on a number of digital media projects at one time in addition to promoting and marketing the brand and Post Production specific services.

Georgia Power

11/2015 – 1/2017

Senior Video Editor / Videographer

- Served as the official Corporate Communications department for multiple branches of Southern Company, but specifically and usually for Georgia Power.
- Handled all aspects of post-production and production, including: video editing, special FX compositing, sound recording and design, operating cameras during live and studio shoots, operating the control room during live and studio shoots.
- Manage all projects and operate in a collaborative networked environment with other editors, producers, directors, writers, etc. using the Adobe Creative Suite CC and others.
- Maintain and fix computers, servers, studio lighting and camera equipment. Alleviated software bugs and/or malfunctions.

Flow Media Group, LLC

3/2015 – 10/2016

Lead Editor / Director of Operations

- Led production and post-production teams on all projects from start to finish, while also ensuring that all project deliverables were submitted prior to their respective deadlines.
- Recruited, hired, and sourced qualified individuals to create custom *on-call* teams, capable of meeting any and all project demands. These teams specialized in areas such as writing, designing, shooting, or editing.
- Strategized, planned, and executed company-wide marketing and branding campaigns to create a presence within the market. This was done for both Flow Media Group as well as its clients.

Three River Pictures, LLC

8/2012 – 3/2015

Chief/Lead Editor

- Led a post-production team toward meeting deadlines, eliciting creativity, exuding originality, and producing top quality output.
- Saw each project through from beginning to end; whether it was sourcing people for writing, design, editing, etc.
- Created company marketing campaigns for branding purposes and industry presence. This is done for both Three River Pictures as well as our clients.

Apple, Inc.

1/2011 – 11/2015

Technical Expert / Market-Wide Trainer

- Maintained top notch sales performance results that constantly landed me in the top 20% of the market every quarter. Led a team of over 100 sales specialists who were tasked with finding new creative methods for hitting specific company-wide initiatives.
- Positioned and provided solutions to individual customers in order to both protect and to provide them with the knowledge to get the most out of their products, ultimately resulting in customer loyalty.
- Trained and on-boarded all new-hires as well as current employees on both behavioral and highly technical skills. Prepared, tested, and issued Apple specific certifications to employees seeking developmental qualifications.
